First Song: *Why We Sing*

I can see you are a very disciplined choir by the way you waited on stage. Such an attentive group! Well done boys + girls. It was lovely to hear the consonants @ the end of words. You have a lovely tone which comes from your clear vowel sounds. When you sing lower notes - try not to 'push' them too hard - this can sometimes affect your pitch. A very enjoyable performance.

Second Song: *Any Dream Will Do*

My word - what lovely vowel sounds on the word 'drew back' 😊! You have displayed a good balance between the melody + supporting harmonies. Thank you for choosing a song that is so well pitched for your voices. Watch + listen carefully for descending notes on ~~the~~ the words 'waiting + habitat - ing' so that you don't slide down. Your top 'G' was fantastic. 😊
