NAPLAN Testing

Dear Families,

It has been a challenging term with every class now impacted by COVID 19. Although this has caused some disruptions to learning programs, our students have shown great resilience, trying their best in different situations. Students in Years 3-6 have adapted to wearing masks and the postponement of some events. I appreciate how fantastic our school community has been in notifying the school promptly of positive cases and isolating when required to reduce the spread.

NAPLAN

NAPLAN will still be on in 2022 for Year 3 and 5 students. We have had practice sessions across the school and in their class so your children are ready for the online tests from the 10th to 20th May. NAPLAN helps the school plan for literacy and numeracy programs across the school.

While there have been some cancellations and delays for school events, we still have managed to find a way to celebrate and participate in activities. W1 and W2 planned a terrific Harmony Day virtual assembly and students in their classes wore orange to acknowledge our cultural diversity and encourage the ethos that "everyone belongs". Mrs Dale and Mrs Foley, with the help of students from different cultures, designed our new Harmony Day staff tops.

It has been good to see classes participate in Food Sensations run by Foodbank and learn some essential cooking skills.

Mrs Keunen has been teaching Science and developing students' problem solving skills. Have you had a go at the monthly STEM challenges?

NEWSLETTER 2 30th March 2022

The Year 6 teachers have planned a fun day for the last Wednesday of Term 1, to reward students who have been working hard to earn their leadership dots. While the Year 6 camp has been delayed until later in the year, this will be a day to remember as well.

School Board

I would like to congratulate Kathryn O'Connor who takes on one of the parent representative roles, along with Kara Rodgers, Ramana Bhullar and Wah Wah Ser on the Roseworth School Board. We also welcome Neil Davis who takes on a community member role this year. The School Board met online during Week 8 to discuss the direction for Roseworth in 2022.

School Photos

The date for School Photos have been delayed until Term 3, on the 24th and 26th of August.

Thank you to everyone who has been flexible with changes and supportive of the school. We are all working together to ensure our students learn in a safe and educative learning environment.

Louise Nielsen,
PRINCIPAL

FAMILY STEM CHALLENGE

Make a paper
Aeroplane built for
distance. How far
did it fly?

Add your photos and results to the Seesaw activity.

Staff wearing new student-designed shirts

You may have seen our staff in their new Roseworth Staff shirts. These shirts were designed by Mrs Dale, Ms Foley (AIEO) and students to represent the different cultures in our school. The Aboriginal circles of community join the cultures of Asian, African, European, Middle Eastern and Australian together which are featured on the shirt design.

PP2

On Tuesday we do Science with Mrs. Foreman. We have been reading the story of The Gingerbread Man and talking about what might have happened if he hadn't met the fox. We then designed and made a boat to help the Gingerbread Man get across the river safely. We then tested our boats in the water. Some of them didn't float, but that's ok!

Term 1 in Physical Education has been all about cricket. The students have been having a lot of fun despite all the disruptions. Unfortunately, our Cricket Lightning Carnival had to be cancelled. Our Year 5 and 6 students showed some great resilience after this disappointment, helping to run their own Cricket Carnival among just

Roseworth students. They helped conduct the event as well as playing, setting up, umpiring and scoring, displaying some great leadership as a cohort. A special thanks goes to our faction captains for their extra help coordinating the event. Well done Year 5's and 6's!

W1/W2

The past few weeks W1 have been learning about healthy living in Health. We have explored the importance of regular exercise and healthy eating. Through the Food Sensation incursion, W1 investigated zombie foods and super foods. Also, all the children in W1 put on their chef's hats to make a range of healthy foods with the Food Sensation visitors. Afterwards W1 got to eat everyone's cooking, which was delicious.

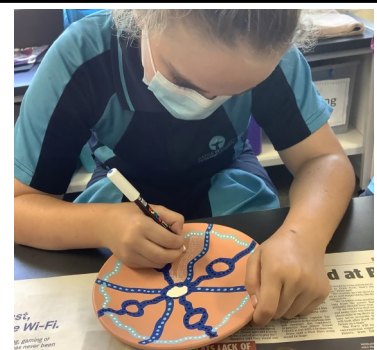

Foodbank WA School Incursion.

On Friday the 11th of March, Room W1 and Room W2 had a Food Sensations® for Schools incursion. They learnt about healthy eating, did a fun nutrition education activity and cooked up a storm! Both classes cooked a few healthy and delicious recipes together, and at the end they all sat down and had a feast. Students were given recipe books to use at home, and we are looking forward to seeing what they cook next with their awesome cooking skills!

If you want to know more about Foodbank WA and their FREE programs for parents and adults, go to <https://www.foodbank.org.au/WA/healthy-eating-cooking-programs/?state=wa> for more information.

LAURA BRYCE SCHOOL BREAKFAST & FOOD SENSATIONS FOR SCHOOLS PROGRAMS - PUBLIC HEALTH NUTRITIONIST

BSc (Nutrition), BSc (Health Promotion)

Kaya Moortang (Hello families),

On Thursday afternoons Ms Foley runs an Aboriginal Girls' Group for Years 4-6. They have been doing Aboriginal arts and crafts, decorations and enjoyed an afternoon tea with their families.

Boorda (Goodbye)

W2

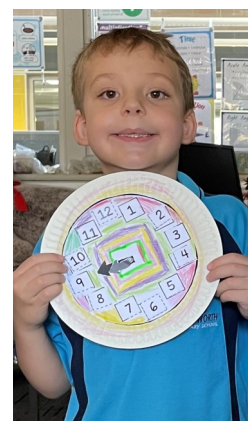

It has been a busy and exciting couple of weeks in W2. Alongside W1, we had the opportunity to take part in Foodbank WA's Food Sensation Program where we learnt about healthy eating and nutrition through fun learning activities, including making a series of yummy dishes! We have

learnt a lot about living kindly and showing respect and we were super excited to SHINE as we shared our Harmony Day Assembly item with our wonderful community.

E2

The Year 2 students in E2 have been having fun completing a variety of time telling activities. We have been focusing on learning how to read and tell time to the hour, half hour, quarter past and quarter to the hour.

Waste Free Lunch Tuesday of Week 2 & 9 each term.

- Use a lunchbox
- Use a beeswax wrap
- Avoid packaged foods
- Compost food scraps

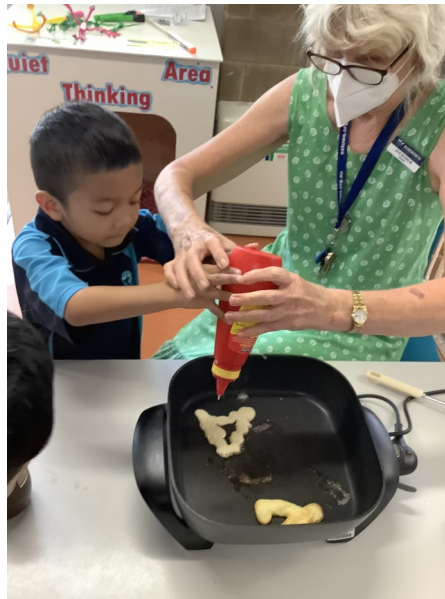

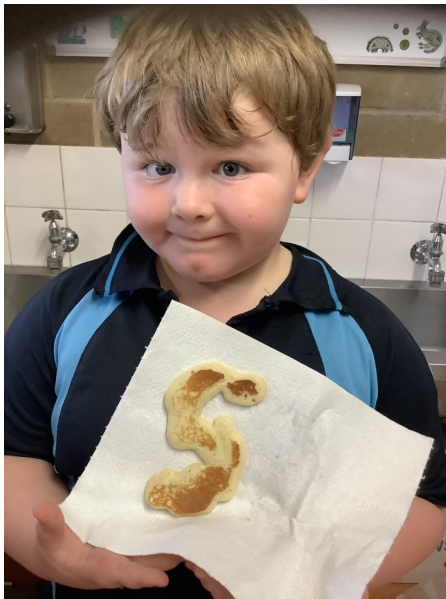

Try and be waste free everyday!

Enrolments for Kindergarten 2022 are still available!

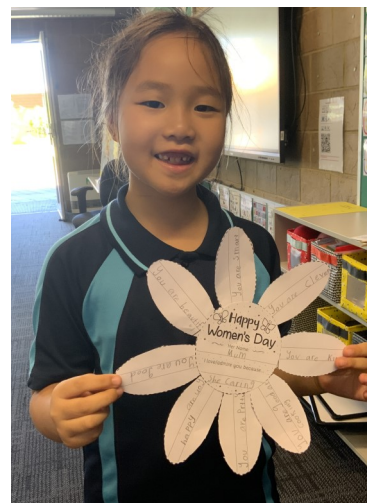

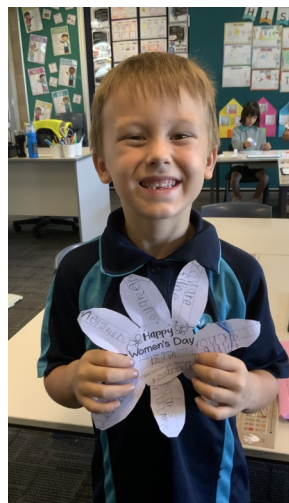

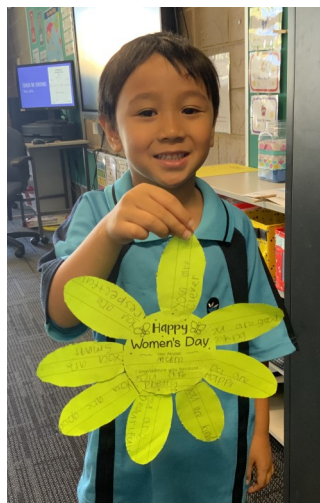

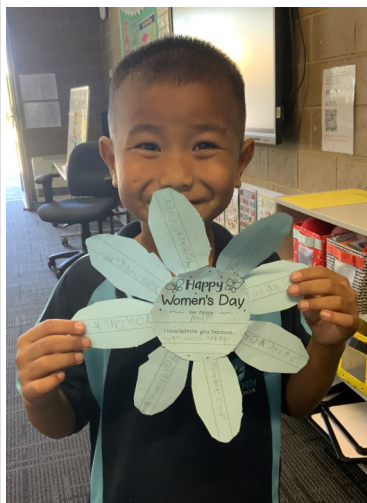

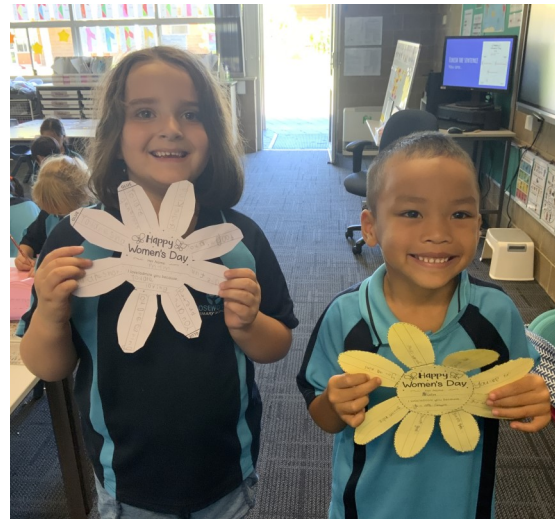

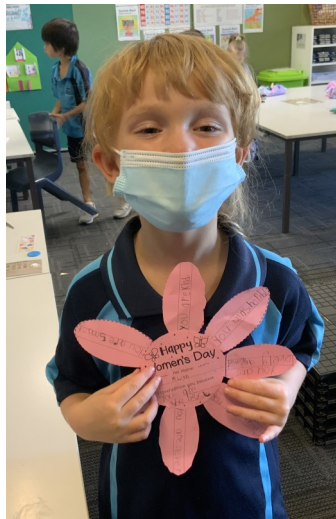

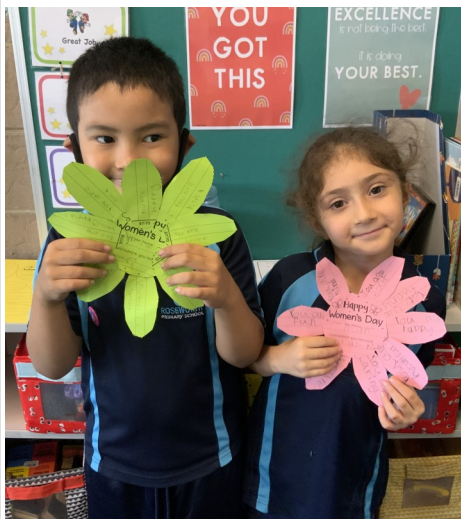

PP1

We have been learning about initial letters. We talked about the initial letter of our name. Later Mrs Reynolds helped us make a pikelet in the shape of the initial letter of our name, by squeezing the mixture out of a bottle. Then we got to eat it, of course. Delicious!

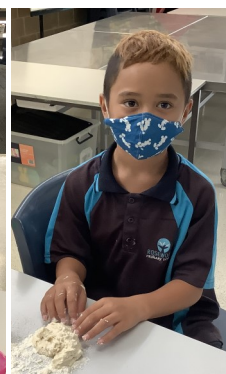

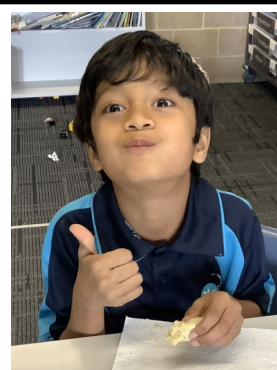

E5

On Tuesday 8th March the students in E5 celebrated International Women's Day by reflecting on what makes the women in our life so special. The kids all came up with some great adjectives to describe their Mums. We sent home flowers to remind them how much we love and appreciate them.

E3

E3 have been busy getting our hands mucky learning all about Damper! Mrs Foley has been sharing with us how Aboriginal people were the first in history to make bread using seeds collected from Acacia trees and water from the rivers and lakes. We compared the ingredients and technologies that were used to make Damper in Traditional times with how we make damper Today. It was a very tasty lesson!

My name is Mrs Jessica Jefferies and I am the new Music teacher.

I started the year by cleaning and setting up the music room to make it an enjoyable and usable space that was welcoming to the children.

I began our first lessons together by getting the children to listen and imagine.

To coincide to with the Winter Olympics, we explored the music of the Olympic Games, in particular music written for them by the famous composer John Williams (of Harry Potter, Jaws and Star Wars fame)

We then began to explore cultural music and instruments related to Chinese New Year. We extended this to look at two of the families within music- strings and percussion.

In the older years, we have been looking at how music is put together- the structure. We are now beginning, in small groups, to

write, read, perform and assess music that we created. We have used a poem as our starting point. We are using both tuned and untuned instruments and are using graphic notation to scribe our music.

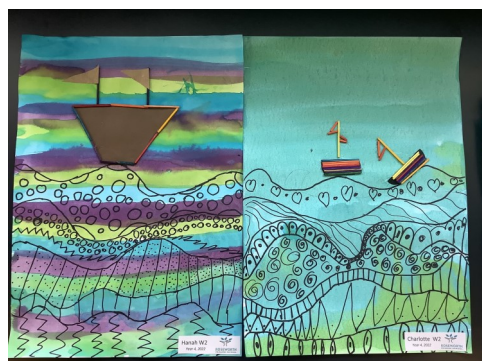

In the younger years, we are also learning about the structure of music. We are doing this by singing songs, performing action dances, looking at beat and learning about some of the terminology associated with music.

We have also been learning a school community song for Harmony Week, which W1 and 2 have recorded and will be sent home via Seesaw.

I am looking forward to doing some songs about Easter as that season approaches.

In Art, W2 & W3 have completed various ship projects to link to their HASS topic of explorers.

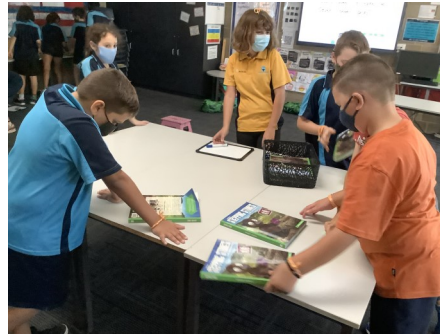

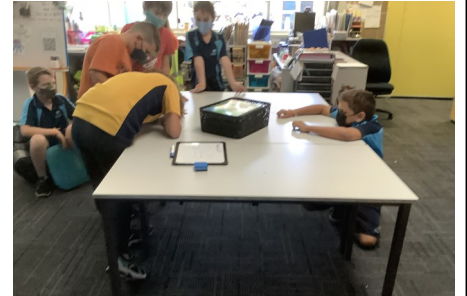

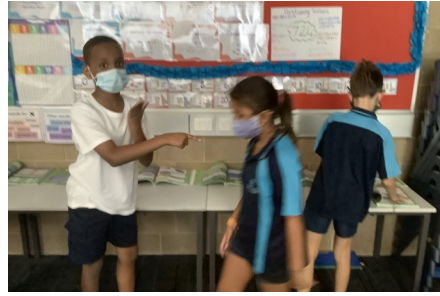

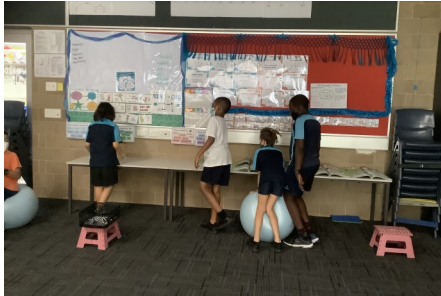

W3

In Mathematics we are working on our problem solving and using the problem-solving framework to solve open-ended questions. Students recently worked in groups of 6 to solve the question "How many Stepping Stones books are needed to cover three desks?"

Each group chose a different strategy to solve the problem. We discovered that there were many ways to approach the question and each group came up with their own answer and gave reasons why theirs was correct.

How many Stepping Stones do *you* think could cover three desks?

E4

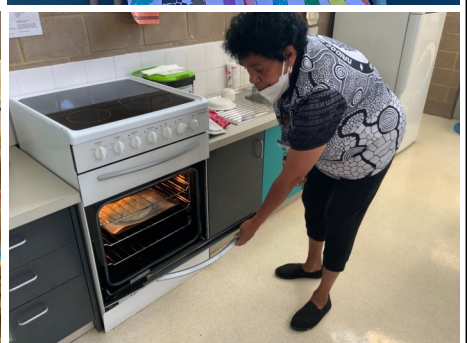

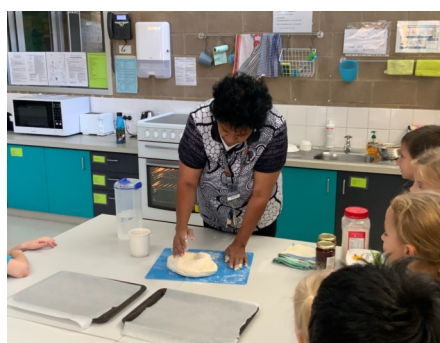

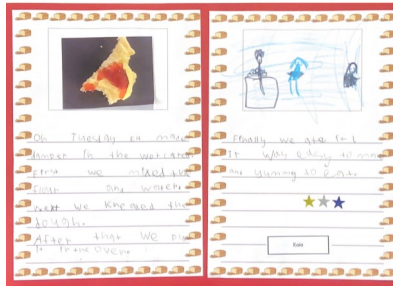

On Tuesday E4 made Damper with Ms Foley in the wet area.

- First we mixed the flour and water in a bowl.

- Next we kneaded the dough.
- After that we baked it in the oven.
- Finally we ate it!

It was very easy to make and yummy to eat.

On Harmony Day we worked together to create a huge poster. We used coloured paper to collage all of our hands coming together.

W4/W6/W7 Harmony Day

A sea of orange greeted me as I walked into the usually dull and boring classroom. Bubbles of excitement course through my body as I am eagerly waiting to see the wonderful traditional dresses from a multitude of countries. Flashes of colour, amazing jewellery, fantastic head-pieces and intricate patterns blast the room. It is Harmony Day and I can't wait for the festivities to begin.

Throughout the day we participated in a variety of activities. The amazing Virtual Assembly created by W1 and W2, designing individual handprints and braiding friendship bands, the day was filled with joy and happiness. I can't wait until next year to celebrate all over again.

Child and Parent Centre Roseworth

A State Government initiative

Hi everyone,
We hope you are all keeping safe and well. The Child and Parent Centre – Roseworth is continuing to offer playgroups and other programs. If you need any help with anything or someone to chat to please call us on 9342 6363.

School Holiday Programs - ONLINE programs

We will not be offering face to face programs this school holidays, however each day on Facebook we will be posting ideas and suggestions for activities that you can do at home. Staff will still be at the Centre during the holidays so we welcome you dropping by or calling us.

Helen and Hayley

The Power of Positive Parenting - Triple P

Being a parent is one of the most important and challenging jobs many adults will have in their lifetime. This seminar will introduce you to five key principles including ensuring an engaging and positive learning environment, using assertive discipline, having reasonable expectations and looking after yourself as a parent.

A seminar to give you tools for positive parenting

This seminar is targeted to children up to 8 years old

Date: Thursday, 28 April 2022

Time: 9.00am to 11.00am

Venue: CPC Roseworth, 1 Stoke Court, Girrawheen

RSVP: Phone: 9342 6363

Email: cpcroseworth@thesmithfamily.com.au

roseworthcpc@thesmithfamily.com.au

Supported by:

In partnership with:

Circle of Security

This 8 week program supports parents/caregivers to build healthy and secure relationships with their children.

Learn how to:

- Understand your child's emotional world by learning to read emotional cues and needs
- Support your child's ability to successfully manage emotions
- Help enhance the development of your child's self esteem
- Understand parental influences by identifying parenting strengths and struggles within busy lives.

Date: Wednesday's 4, 11, 18, 25 of May and 1, 8, 15 and 22 of June
(It is important that participants commit to completing all 8 sessions)

Time: 9.30am to 11.30am

Venue: Child and Parent Centre – Roseworth
1 Stoke Court, Girrawheen 6064

RSVP: Tel: 9342 6363

Email: cpcroseworth@thesmithfamily.com.au
